

EXTRACT OF REQUIREMENT OVERVIEW

Mechanics

Manufacturing techniques

Die-casting

Sand casting

Chill casting

Forge

Heat treatments

Chipless machining parts

Machinery sheet metal parts

Other sheet metal parts

Steel and metal construction

Machining parts

Milled parts

Turned parts

Steel construction (light, medium, heavy)

Plastic components

Injection molding

Deep-drawing

Rotational molding

RIM

Fiber reinforced composite

Electric wire

Industrial cables

Data cable

Network cable

Plugs

Cable assemblies

Surface treatment

Anodizing
Galvanizing
Hot-dip galvanizing
Chroming
Powder coating
Liquid painting
Sandblasting
Pickle

Technical products

Building insulation and sealants
Pits
Seals
Ball-bearings
Electrical engineering / electronics
Low voltage motors
PM motors
Inverters

Measurement / Sensor Technology

Pressure-temperature and filling measurement technology

Hydraulics / Pneumatics

Pumps
Hoses / conduits
Couplings
Valves
Fittings
Cylinders

Services

Engineering and construction services
Software solutions, web applications

Logistics services
Installation services
Test laboratories

System assemblies

Cabinets
Mechanical assemblies
Mechatronic assemblies (with and without own development)

Indirect material

Office supplies
Workshop supplies
Auxiliary and operating materials
